

**Congratulations
on becoming a
[MY]CYlution
policy holder!**

From banking app losses to cyberbullying and identity theft, our digitally integrated lives are becoming more and more vulnerable to personal cyber-attacks.

iTOO and their cyber experts, Cyanre and Cybercom are highly respected industry leaders who understand the intricacies of cyber-attacks on individuals. Our personal cyber insurance offering called [MY]CYlution provides cover that has been uniquely tailored to meet the South African market's needs.

CYBER+ aids policyholders following the aftermath of a cyber incident. The portal diligently monitors and notifies users of any interceptions including Dark Web activity on the following records per individual:

- 1 x ID number
- 1 x Passport number
- 1 x Drivers License
- 10 x Email addresses
- 10 x Phone numbers
- 10 x Medical Numbers
- 10 x Credit or debit cards
- 10 x Retail cards
- 10 x Bank accounts
- 10 x International bank accounts

How **CYBER+ will support you:**

Should you suspect an incident, call 0861 555 771, we will:

- Ensure that the incident is contained.
- Establish the extent of the damage.
- Document and capture evidence.
- Provide education on preventative measures.
- Advise you on security enhancements.

Life happens online - so does crime
Isn't it time you were personally
covered against cybercrime?
