ENVIRO CARE

DRIVEN BY DRIZIT

Game-changing
environmental liability
insurance that goes the
extra mile – guaranteed.

LOWER PREMIUMS, GUARANTEED RESULTS

We understand the challenges that transporters face daily, and when dangerous chemicals are in the mix, these challenges are multiplied. iTOO, through our partnership with Drizit, have created a first to market, innovative solution for fleet operators transporting dangerous goods, bulk loads or any load which may require pollution liability or clean-up insurance, placing the needs of the transporter first.

A GAME-CHANGER FOR THE TRANSPORT INDUSTRY

iTOO EnviroCare is a game-changer for the industry, offering SA's first and only environmental liability insurance with a contracted clean-up partner operating on a flat-fee retainer.

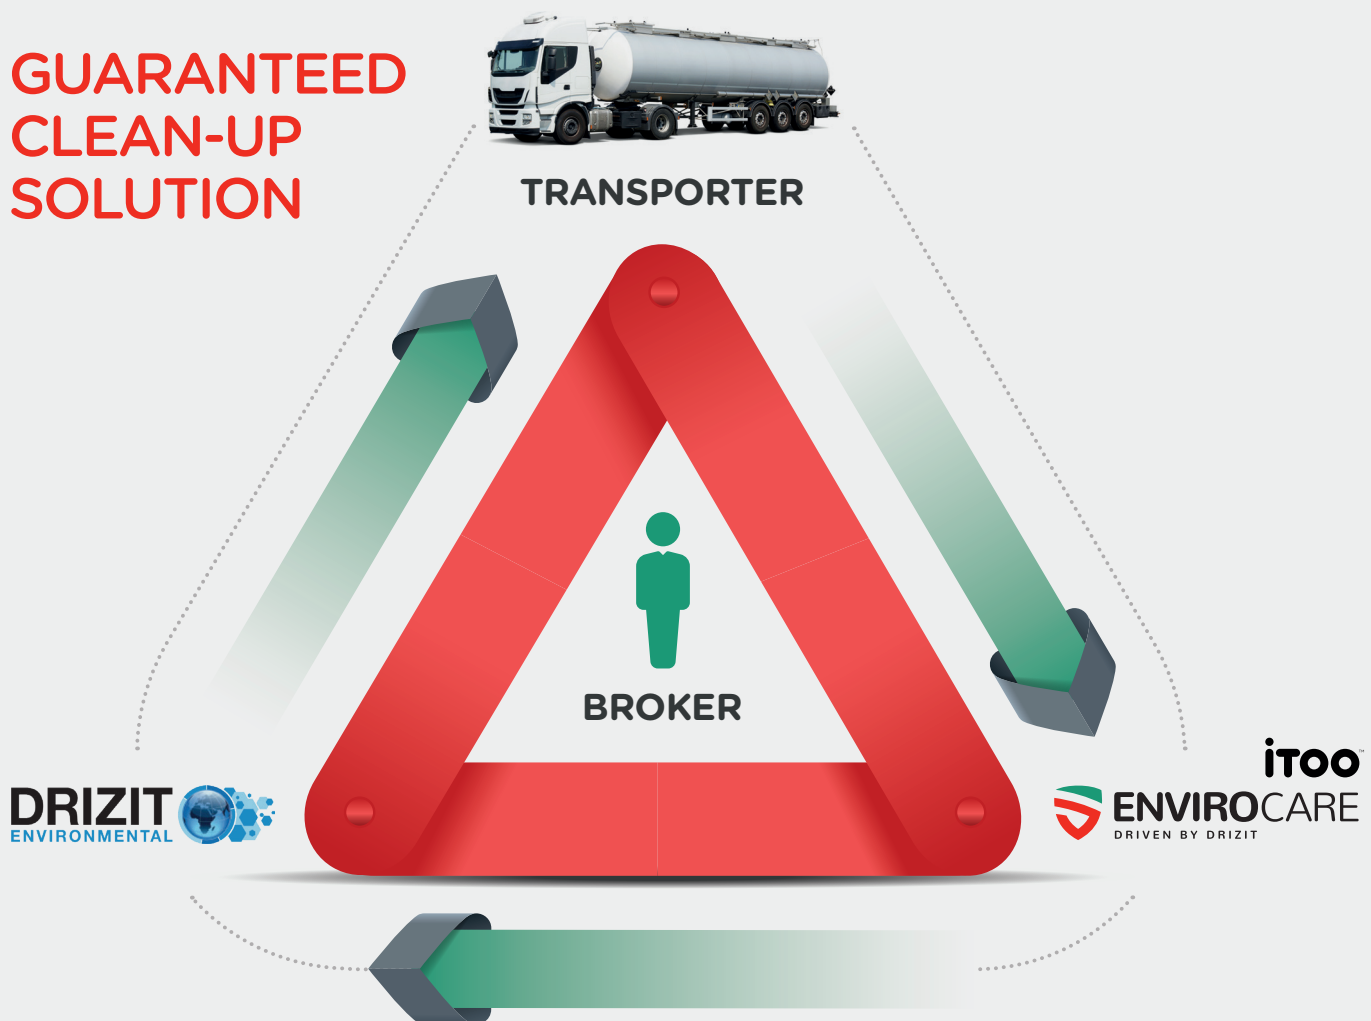

Our first-to-market retainer-based claims management model not only guarantees to drive down costs, in addition we guarantee the quickest response possible. Our partnership with Drizit allows us to offer the best possible premiums, with no inflated clean-up invoices to destroy your loss ratio which impacts your premiums. In fact, no invoice at all.

PARTNERING WITH THE BEST - WHY DRIZIT?

We chose Drizit as our clean-up partner due to their reputation of excellence since 1975, knowing that when minutes matter, years of experience make all the difference.

Keep in mind that with iTOO EnviroCare's unique approach, Drizit is operating on a flat-fee model for all clean-ups, which means they are motivated to drive down costs and improve efficiencies in addition to selecting the best methodology to carry out the clean-up. This guarantees you of the fastest, most cost-effective results.

GUARANTEED CLEAN-UP SOLUTION

Our guaranteed clean-up solution links us all together, the transporter, the broker, the clean-up company and the insurer through our combined desire to drive down costs, drive down risks and to improve efficiencies.

WHAT'S COVERED?

An iTOO EnviroCare policy is triggered when transported goods (including side-tanks) are spilled and a pollution condition is created. In such an event, you're covered for:
