ART IN TRANSIT

Insure what you love with **people** who love it too.

Art is at its most vulnerable when in motion. Whether relocating a piece between homes, shipping it to an international fair, or lending it to an exhibition, the risk of damage, loss, or theft increases significantly.

At iTOO Artinsure, we offer dedicated Transit Cover designed to safeguard your artworks while they're on the move. This can be activated as a standalone once-off policy or seamlessly added as an extension to your existing cover.

Whether you're a private collector, dealer, or logistics provider, our tailored solution ensures that the story of your artwork continues uninterrupted, with peace of mind packed in every crate.

Why iTOO Artinsure?

Service that comes from a love of what we cover.
Expertise that translates to value.

Our experts are the first to market uniquely designed cover, tailored to collectors and the commercial entities that service them.

WE ARE DIFFERENT

Our art experts really get the art world, so at iTOO Artinsure we ensure that we agree on the basis of a settlement upfront, keeping things easy and transparent.

In the commercial art world, the greatest risk often lies between destinations. Whether you're a dealer, gallery, auction house, or specialist logistics provider, transit introduces a critical exposure that can severely impact business continuity.

Our tailored Commercial Cover offers robust protection for artworks in motion — addressing the realities of accidental damage, theft, or loss while in transit. This can be extended to include cover for Forgery and Defective Title, ensuring that the value of your stock, and your reputation, is never compromised.

ART COLLECTOR COVER

We are collectors and share the same passion and understanding, which is reflected in our highly specialised policies. These treasured items, in a private collection, on exhibition, at a museum or a company's premises require agreed value-bespoke cover that includes theft or damage along with cover options to include transits, forgery or cover for whilst they're entrusted to a third party. Our team of experts will ensure they never lose their true value.
